Customer Feedback:

Cheryl Lupton in the flooring department assisted us when picking out our new carpet. She was knowledgeable and personable. She found exactly what we needed right away and answered all our questions.

Customer Feedback:

An associate named Elton in the Electronics Department helped me with a project of mine. He helped me understand what gage wire I would need. He gave me confidence in completing my project. I appreciate the help he gave me.

DS SPOTLIGHT

Ben Trembly / Extra DS

Ben is the new floating DS, and he comes to us from the South Olathe store #2218. He has been with the Company for four years and has ran departments 27 / 38 / 23 / 59. Ben would describe his management style is laid back with a focus on delivering excellent customer service. He is definitely a glass half full kind of guy and he strives to make everyone happy. If he won a million dollars, he would pay off his house, start a college fund

for his kids, and save the rest. Ben and his wife, Chelsey, are expecting a baby boy on March 24th. If an alligator and a kangaroo got into a fight, Ben is sure that the kangaroo would win. He loves baseball. Go Royals! If he could have any store position, he would like to work on the assest protection side of the business or run Tool Rental - because that's easy. Ben's favorite hobby is fly fishing, and his advice to any new associate would be to show up on time, meet and greet every customer with a smile, and deliver great-valued customer service to every customer that you encounter. ■

TAKING CARE OF OUR PEOPLE

Please consider donating \$1/per paycheck to the Homer Fund. After taxes and deductions, it would be a change of approximately 21 cents less in your paycheck or \$5.45 in a years time. If you cannot do a paycheck deduction, please make a one-time donation of as little as \$1. See Sonja with your donations.

Customer Feedback:

Great customer service from Branden the assistant manager. He helped resolve a problem with install of purchased appliances. He created solutions beyond my expectations.

Customer Feedback:

Employee Nadine found a light for me. There were none on the shelf but your inventory said there was one. We looked all over for it and I was about to give up, but she found the one I really wanted. Most stores just say we are out and walk away, that is why I shop at this store.

Customer Feedback:

Your employees really care about the customer or at least it comes across that way. You are doing something right because they are happy at their jobs it appears. They don't mind answering questions and helping me with my purchases. You are very fortunate to have this group of people working for you. Most other stores either do not have enough employees or they do not train them to care about the customer. I have always been impressed when I shop at your store. I saw a copy of your Orange Peel newsletter and after reading it, I want my granddaughter to work at Home Depot. A young girl by the name of Elaine was ready to go to lunch but she stopped and helped me get assistance in loading my car. She works in customer service. I appreciated her, because she put her lunch break on hold just to help me and didn't leave until I received help. My help came in the form of a man named Jerry who was so nice and professional. These two employees are exceptional representatives of your company and a credit to your workforce.

Customer Feedback:

Sherrie was very helpful to me and my husband. I could tell her aim was to help us in every aspect of our shopping experience and needs. She was kind, helpful, yet busy with her other duties. She made us feel that we were more important than her duties, placing the customer first. We made a large purchase and she even helped us to the front and helped us load. Yet she was task oriented. She was calm and engaging. This makes Home Depot stand a bit higher in our minds than other home improvement stores.
